

CL

CL

design: R&D Ora Acciaio

Le sue forme geometriche regolari sono alleggerite da masselli stondati che conferiscono alla scrivania una sobria eleganza. Entrambe le finiture disponibili, Noce e Palissandro, giocano un effetto di venatura marcata a sottolineare il carattere deciso della serie. Le librerie ed i mobili bassi sono disponibili nelle rispettive finiture con top e pannelli laterali in tre altezze (vedi Librerie Universali).

Its ordered geometrical lines are enlighten by the rounded heartwood rim which conveys a sober elegance. Both the available finishes, Walnut and Rosewood, playing with their marked wood grains, emphasize the strong peculiarity of the collection. Bookcases and cupboards are available with top and lateral panels in three heights (see Librerie Universali).

La nuova serie Middle Management è creata dal reparto R&D della Ora Acciaio.

Uno stile vintage rivisitato che conferisce all'intera gamma un'adattabilità senza precedenti. Classica ma attuale nel design, CL rappresenta un mix di linearità e stile con occhio particolare ai dettagli ed alla ricchezza dei materiali.

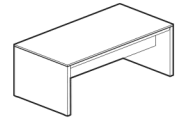

The new Middle management series conceived from Ora Acciaio's R&D team.

A renovated vintage style which grants to the whole range an uncommon adaptability. Classical but contemporary in its design, the CL series represents a mixture of linear simple style with a peculiar care on details and treasured materials.
